

**EXCHANGE CENTER**  
**CLOSINGS DUE TO INCLEMENT**  
**WEATHER**

The only time an Exchange Center will close will be for inclement weather situations when roads are considered hazardous or other dangerous conditions exist.

This will be determined by the closing of the local school district:

Belleville District #118 (St. Elizabeth's Site)

East Alton-Wood River High School District #14  
(Madison County Kids' Corner)

If the district where your Exchange Center is located is closed on the day of your visitation exchange, exchange services will not be provided on that evening at the site (example: if Belleville District #118 is closed on a Wednesday, there will be no exchanges at St. Elizabeth's that evening). If this occurs and affects Friday visitation exchanges, the Center will also be closed on Sunday.

If, however, a Friday exchange has taken place and bad weather develops on a Saturday or Sunday, the Exchange Center will be open on Sunday evening in order to return the children to the custodial parent.

If your Exchange Center closes due to inclement weather conditions, **follow the instructions in your court order regarding alternate exchange arrangements and/or locations.**
