

## CLOSINGS DUE TO INCLEMENT WEATHER

The only time the Family Center will close will be for inclement weather situations when roads are considered hazardous or other dangerous conditions exist. The center will be open on all holidays.

This will be determined by the closing of the local courts.

If the County Court where your center is located is closed on the day of your exchange or supervised parenting time, exchange services will not be provided on that evening at the site.

If your Family Center closes due to inclement weather conditions, please **Follow the instructions in your court order regarding alternate exchange arrangements and or locations.**

*Thank you.*
